

Journal - Office of Legislative Counsel
Tuesday - 5 December 1967

Page 2

25X1 4. [] Mr. Joe Ray, Bureau of the Budget, called in connection with the Agency's legislative program for the Second Session of the 90th Congress. I explained the nature of our pending bill which was the only item in our legislative program as that term is used in Bureau of the Budget Circular A-19. Mr. Ray asked for written confirmation and I said this would be initiated.

25X1 5. [] Mr. Al Westphal, House Foreign Affairs staff, called to relay that the "high risk" bill had passed the House on Monday and that the outlook was favorable for the Senate acceding to the House amendment liberalizing visitation travel. I thanked Mr. Westphal for keeping us informed and looking out for our interests and he in turn thanked us for the assistance rendered him.

25X1 6. [] Met with Rod Keiser, Administrative Assistant to Representative Patsy Mink (D., Hawaii), concerning the request of [] for certain unclassified material as the Agency may have on the subject of "Foreign Personal Names." Mr. Keiser accepted our recommendation that we deal directly with [] on this and said that their interest was not to serve as an intermediary but to serve their constituent's request.

25X1 []
At this juncture no further action with congressional office is needed.

25X1 7. [] Returned to the Joint Committee on Atomic Energy the corrected transcript of the Director's briefing of 8 November along with an additional copy of the Director's prepared statement and a second copy of the DD/S&T paper on Soviet submarines so that the Committee would have in its possession two complete transcripts; one for the Military Applications Subcommittee of JCAE, and one for the Safe Guards Subcommittee of Senate Preparedness Subcommittee.

25X1 8. [] Made several attempts to see Mr. Peter Hammond, in the office of Senator Harrison A. Williams, concerning a constituent inquiry. I will try to make contact with Mr. Hammond tomorrow.
